*“I decided I wasn’t going to go through life without testing my creativity”*

- CARROL BOYES

Carrol Boyes (1957 – 2019) was a renowned South African artist and designer celebrated for her functional art pieces. She began her career as a fine arts graduate before transitioning to the world of functional art. Carrol founded her eponymous brand in 1989, specialising in uniquely designed homeware and tabletop accessories.

Through her university studies of anatomy, Carrol was inspired by the human form. More than thirty years ago, she crafted her first creations focusing on pewter cutlery. These quirky pieces were designed and birthed in her home basement, however, the phenomenal demand for them meant bigger premises were soon required. Later, this ever-growing demand resulted in her relocating her company to the family’s farm in the Limpopo Province of South Africa.

Beyond her artistic endeavours, Carrol was also known for her philanthropic efforts, supporting various charitable causes throughout South Africa. She was deeply passionate about empowering others and actively sought to continually use her platform to make a positive impact in her community.

Throughout her career, Carrol received numerous awards and accolades for her contributions to the design industry. Her work has been exhibited internationally and has gained a global following amongst art collectors and design enthusiasts.

Carrol’s legacy continues to inspire designers and art lovers around the world. Her unique vision and innovative approach to design have left an indelible mark on the world of functional art, ensuring that her influence will be felt for generations to come.

## The Inside Story

Often people would ask Carrol how she thought of crafting a particular item, and she'd laugh and say she dreamt it up. Carrol needed to see her hand's work on each of her creations. Her hands-on approach from manifesting an idea to drawing it and then sculpting the artwork demonstrated her exemplary attention to every design's detail.

After she crafted the 3D plasticine model of an item, she surrendered it to the art department. Their responsibility was to forge a cast out of silicone and fibreglass and set it in resin. This ensured that the original piece Carrol made was preserved.

At Carrol Boyes, creating items is always an extensive collaboration amongst our incredibly talented in-house team. Our manufacturing processes start with creating our own pewter and stainless steel which is followed by forging items out of the steel and aluminium. If a product can't be developed on-site, then we outsource it to our pool of talented artisans to finalise the process.

## The Brand

Founded in 1989, Carrol Boyes Functional Art is a dynamic team overflowing with creativity and talent. The company designs, manufactures and distributes an extensive range of metal homeware, giftware, flatware, and tabletop products. The meticulously crafted Carrol Boyes product range encompasses over 1,000 items. Trademark metals and materials include pewter, spun and cast aluminium, stainless steel, chrome plated zinc, wood, leather, ceramics, glass, and fabric, as well as ABS resin.

More recently, due to customer demand, and a logical extension into other spaces of the home, the brand has expanded into a bespoke range of personal accessories and home textiles. With the addition of leather and woven material and premium cotton, these softer ranges now complement dining, kitchen and bathroom.

Carrol Boyes was an iconic South African designer, and her brand remains a coveted and high-end product range of upmarket home and lifestyle items. All designs are inimitable and unique resulting in her products being associated with style and finesse. Carrol Boyes Functional Art designs are available throughout South Africa and in 30 countries across the world. They can also be purchased from the Carrol Boyes online store.

Functional art in its true form has a practical purpose while being exquisite enough to stand alone as an art piece. The Carrol Boyes Iconic Collection is sculptured by hand and embodies Carrol's own signature style. The result is beautiful designs that epitomise her core philosophy to create functional art for everyday use.

## *The Growth of the Brand*

Two years after setting up her factory, Carrol received her first international order. This catapulted her artworks both nationally and internationally with a continuously growing demand that exceeded her expectations.

In 1989, Carrol moved from her home office in Llandudno to a new office in Rose Street, Cape Town. Within four years, Carrol opened her first retail store in the Victoria & Alfred Waterfront in Cape Town. This highly successful flagship store was the beginning of the brand's retail footprint.

In 2024, with the Head Office in Paarden Eiland, Cape Town, the company has a total of 30 bespoke stores throughout South Africa. The e-commerce business has flourished in recent years alongside an active digital footprint where local and international customers love engaging with new collections. Curated ranges can be found at select partner stores across South Africa to ensure local customers and visitors can find their perfect gift or luxury homeware item.

*“My vision is to take it into the next generation.  
I believe there is a lot of talent in this country, and I owe it to my staff  
and customers to find it so that the company has longevity.”*

- CARROL BOYES

# The Evolution of woman / man

All Carrol's sculptures originate from her personal sketchbook drawings. These artworks attested to her passion for the human form. On a trip to Paris, Carrol's stepdaughters persuaded her to make these sketches public. The result was a spectacular unveiling of artwork spanning over 30 years.

PEWTER SALAD SERVERS  
*woman / man*

1989

When Carrol first started her business, she sculpted her first set of salad servers, "woman/man", entirely out of pewter. They were unconventional in appearance and different to anything on the market at the time.

## *The People Behind The Brand*

Carrol Boyes operates as a family-owned business with Carrol's brothers Charles and John at the helm. With Charles and John as Directors, they strategically lead the business with the support of a highly skilled Executive Committee, who are specialists in their fields.

The diverse team across the head-office, store and stockist network spans functional departments in product development, sales and marketing, production and operations. With customer experience at the core of local and global operations, the support teams including finance, planning and human resources drive commerciality and efficiency.

The local and international reach of the business has positioned the brand well for growth in new product lines across gifting, homeware and luxury ranges for new and existing customers.

With the support of new and loyal collectors since the company's inception, the brand has grown and endeavours to continue the legacy of functional art.

## *The Human Touch*

Carrol created her designs with the vision that households and workplaces could own and enjoy a piece of functional art. Carrol created and founded the brand that many collectors love today with her incomparable designs that allow customers to own a piece of functional art in their homes and places of work.

Carrol was meticulous about the quality of the materials she used and spent countless hours honing her creativity into luxury pieces so that they could be passed down from generation to generation. Personally mentored by Carrol, our product designers and developers were handpicked by Carrol to work with her. And even after Carrol's untimely passing, she remains the heart and soul of the brand; our designers constantly strive to hit the creative mark

– just like she taught them. As a result, products are developed according to Carrol's teaching and we continue to use the suppliers she chose.

Carrol's legacy is continued through a plethora of new products, all emanating from the many sketches and mouldings she created.

'Man' is a water jug, and relays the perfect synthesis between functionality and design in the kitchenware collection. Known to be her favourite piece, Carrol drew inspiration from the human form to design its handle. It's from the Iconics range and stands 33cm in height. Crafted from durable stainless steel, this timeless centrepiece is mirror polished and as an art piece compliments any room. For added protection against discolouration, the interior of this jug has a food-safe black powder-coating. 'Man' is a low maintenance piece, simply wash with warm, soapy water and dry with a soft, clean cloth. Professional polishing is available as a value-added service at Carrol Boyes.

## Create The Perfect Tablescape

Creating a Carrol Boyes tablescape with floral arrangements involves blending her iconic designs with the beauty of fresh flowers. Here's how to achieve this:

### 1 CENTREPIECE FOCUS

Start with a stunning floral centerpiece. Use a vase to hold a vibrant arrangement of seasonal flowers chosen to complement the metallic tones of Carrol Boye's pieces. Enjoy the vibrance of white lilies, red roses, or deep purple irises.

### 2 ARTISTIC TABLEWARE

Set the table with tableware. Using Carrol's plates, bowls, and cutlery featuring artistic designs to add a sculptural element to your tablescape. Their intricate details will contrast beautifully with the organic forms of the flowers.

### 3 BALANCED ELEMENTS

Surround the floral centerpiece with signature Carrol Boyes candle holders or small sculptures. The combination of flowers and metal art creates a balanced and visually appealing display.

By blending Carrol's artistic designs with exquisite floral arrangements, you create a sophisticated and inviting tablescape that will delight your guests.

"All Dressed Up" was sculpted by Carrol in 2018. It's one of a few sculptures where the figure is clothed and the flares of this dress provide a practical solution to the gravity-defying pose. Caught in movement, she presents her offering to the world.

## *Transforming Everyday Cutlery into Extraordinary Art*

Carrol embarked on her remarkable journey in the world of design with a vision that transformed everyday household items into extraordinary works of art. Her career took a definitive turn when she introduced her iconic and quirky cutlery, a collection that would become synonymous with her name and brand.

Her first collection of cutlery was nothing short of revolutionary. Melding practicality with playful, anthropomorphic designs, Carrol created pieces that were not just utensils but conversation starters. Handles of knives, forks, and spoons were transformed into whimsical figures and abstract shapes, each piece telling a story and exuding a personality of its own. This blend of art and functionality captured the hearts of many, establishing Carrol as a pioneer in the field of designer cutlery.

# Glassware

## Aura Glassware

An expression of true craftsmanship, the Aura glassware range is mouth-blown and hand-finished by our skilled artisans. Synonymous with this traditional crafting process, each glass has a personal and unique touch. The Aura range includes Champagne Flutes, Drinking Glasses, and Wine Glasses.

Set apart by its rounded, sturdy silhouette, the aura of this range is one of playfulness, softness, and perennial design enticing curiosity. Crafted for their beauty these glasses feature a flat, wide, and shallow base. They're an ideal choice for vintage champagnes that need more space to aerate, as well as chilled soups, cocktails, and desserts. Furthermore, this Champagne Coupe Glass has a thick and sturdy stem, providing a firmer grip.

# CaRRoL BoYeS COLLECTION

Carrol partnered with her brother, John to create a unique range of limited-edition luxury wines, carefully selected from only the finest vintages in South Africa.

Each bottle of Cap Classique is a fusion of exquisite craftsmanship and exceptional taste, embodying Carrol's artistic flair. The range reflects a celebration of South African tradition, with every sip delivering sophistication, elegance, and balance.

On the nose a delicate bouquet of citrus and summer fruit makes the first impression, followed by a hint of red berries from the Pinot Noir. The fine bubbles and lively acidity are beautifully balanced, leading to a long, refreshing finish.

This collaborative wine making process has now truly become an art, and this special partnership is a toast to luxury, art, and the finest in South African wine.

Living is an art...so share, celebrate, and collect these limited edition wines.

DOUBLE WALL MUG SET OF 2  
*wound up*  
OG-DWMG-WU-2

The bold spiral design on our double wall mugs is crafted to enhance your beverage experience whilst insulating the temperature of your warm or cold drink.

## Decadent Hot Chocolate

Serves 1

### Ingredients:

- 1 cup whole milk or milk alternative (almond, oat, soy)
- 2 tbsp unsweetened cocoa powder
- 1-2 tsp sugar (adjust to taste)
- ¼ tsp vanilla extract
- A pinch of salt
- Whipped cream for topping (optional)

### Instructions:

**Preheat the Mug:** Fill your double wall mug with hot water to warm it up. Let it sit for a minute, then discard the water.

**Heat the Milk:** In a small saucepan, heat the milk over medium heat until it is hot but not boiling. Alternatively, you can heat the milk in a microwave-safe container in the microwave until hot.

**Mix the Dry Ingredients:** In a separate small bowl, combine the cocoa powder, sugar, and salt.

**Combine with Milk:** Once the milk is hot, add a small amount to the bowl with the dry ingredients and stir until you have a smooth paste. This helps to avoid lumps.

**Incorporate the Paste:** Pour the cocoa paste back into the saucepan with the rest of the hot milk. Whisk until fully combined and smooth.

Stir in the vanilla extract, pour the hot chocolate into your preheated double wall mug and garnish with whipped cream or marshmallows if desired.

A mug holder that doubles as a décor piece, designed to display mugs on your countertop with artistic flair. Carrol's acrobatic duo sculpture 'well balanced' crafted from cast aluminium can hold up to eight regular cups.

Carrol's iconic sculptures in the kitchen transcend traditional notions of kitchenware, infusing everyday objects with beauty, creativity, and a sense of artistic expression.

They transform mundane tasks into opportunities for aesthetic enjoyment, making the kitchen a space where art and functionality seamlessly coexist.

# Butter Chicken (Murgh Makhani) Curry

Serves 4

## Ingredients:

### For the Chicken Marinade

500g boneless chicken thighs or breasts, cut into bite-sized pieces

1/2 cup plain yoghurt

1 tablespoon lemon juice

1 tablespoon ginger-garlic paste

1 teaspoon turmeric powder

1 teaspoon red chilli powder (adjust to taste)

1 teaspoon garam masala

Salt, to taste

### For the Curry

2 tablespoons butter

1 tablespoon oil

1 large onion, finely chopped

2 cloves garlic, minced

1 tablespoon ginger paste

2-3 ripe tomatoes, puréed (or 1 can of tomato purée)

1 teaspoon ground cumin

1 teaspoon coriander powder

1 teaspoon red chilli powder (adjust to taste)

1/2 teaspoon turmeric powder

1 teaspoon garam masala

1/2 cup heavy cream or coconut milk

1 teaspoon sugar (optional, to balance acidity)

Salt, to taste

Fresh cilantro, chopped, for garnish

## Instructions:

**1** Marinate the Chicken  
In a large bowl, mix together the yoghurt, lemon juice, ginger-garlic paste, turmeric, red chilli powder, garam masala, and salt. Add the chicken pieces, ensuring they're fully coated in the marinade. Cover and refrigerate for at least 1 hour (or overnight for deeper flavour).

**2** Cook the Chicken  
Heat 1 tablespoon of oil in a large skillet over medium-high heat. Add the marinated chicken pieces and cook for 5-7 minutes until they are browned and cooked through. Remove and set aside.

**3** Make the Curry  
In the same skillet, add 2 tablespoons of butter. Once melted, add the chopped onions and sauté until golden brown. Add the minced garlic and ginger paste. Cook for 1-2 minutes until fragrant. Stir in the tomato purée and cook until the oil starts to separate from the mixture (about 10 minutes). Add cumin, coriander powder, red chilli powder, turmeric, and garam masala. Cook for another 2 minutes.

**4** Finish the Curry  
Add the cooked chicken back into the pan and mix well with the sauce. Pour in the heavy cream (or coconut milk) and stir to combine. Let it simmer for 5-10 minutes until the sauce thickens. Add sugar (if using) and adjust salt to taste.

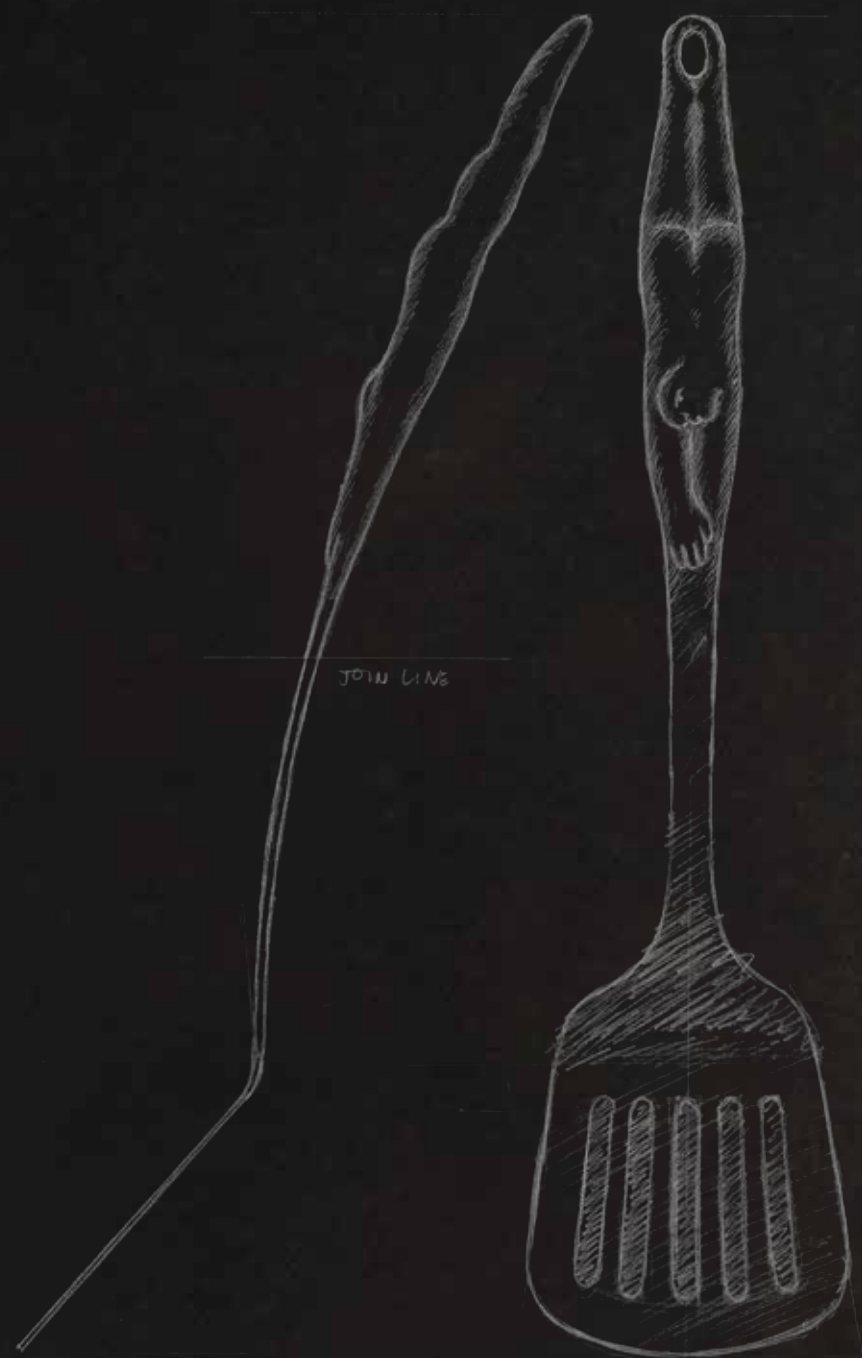

**5** Garnish and Serve  
Garnish with fresh cilantro. Serve hot with naan, rice, or roti.

## Tips:

For an extra smoky flavour, you can char the chicken on a grill or broil it before adding it to the curry. Adjust the spice level by adding more or less red chilli powder.

## *Utensils - diver*

Elevate your kitchen with our new range of 'diver' stainless steel utensils. These five new kitchen utensils are crafted with Carrol's 'diver' design which elegantly dives down the handle of each utensil. These utensils comprise everything any home cook would need. The range includes a Serving Spoon, Soup Ladle, Spatula, Slotted Spoon and Pasta Server. This premium range of cooking and kitchen utensils perfectly complements the Diver Bread Bin and Stovetop Kettle for a luxurious kitchen aesthetic.

Signature Knives - man

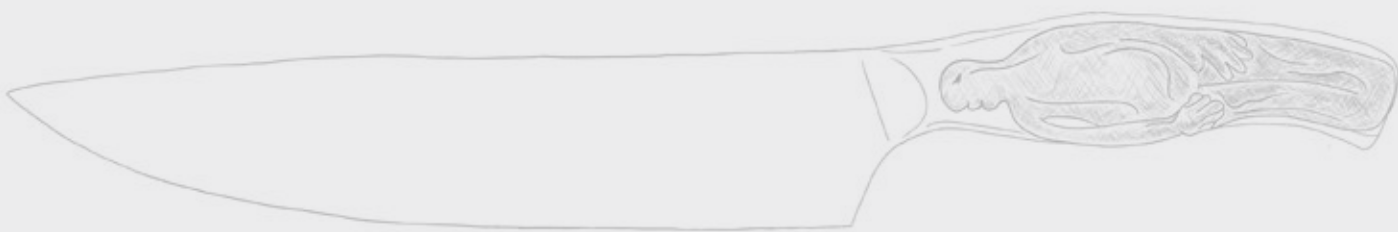

The Signature Knife collection consists of 5 knives. The range includes a Bread Knife, Chef's Knife, Carving Knife, Santoku Knife and Utility Knife.

All knives are elegantly boxed for a superior unboxing experience, complete with a blade tip protector.

The 'man' design is a favourite and classic signature design from Carrol's figurative drawings. The figurative man highlighted on each knife displays a frontal view of the 'man' design on one side of the handle and the backside on the flip side of the handle. Mirror-polished for the ultimate luxury look and feel.

## *Watercress, Pistachio and Orange Blossom Salad*

Serves 4

### *Ingredients:*

90g watercress, thick stalks removed  
20g basil leaves  
20g coriander leaves  
10g picked dill  
10g picked tarragon  
40g shelled unsalted pistachios, lightly toasted  
and coarsely crushed

### *Dressing*

4 tbsp olive oil  
1 ½ tbsp lemon juice (or more if you like it very sour)  
1 tsp orange blossom water  
salt and black pepper

### *Instructions:*

Place the watercress and herbs in a large mixing bowl and set aside until you are ready to serve the salad (you can leave them in the fridge in an airtight container for a few hours).

In a little bowl whisk together all the dressing ingredients. Just before serving, pour the dressing and the pistachios over the leaves, toss gently, and serve.

# Enigma

Carrol was always fascinated by the legend that Michelangelo went to Carrara to choose the best blocks of marble for his sculptures, including the David and the Pieta.

As it was not possible to do the Enigma range in marble she chose to use porcelain.

## *Meet Our Designers*

Mentored under the guidance of Carrol, our designers continue to develop products true to the brand's iconic signature, bringing creativity to each new collection.

With a plethora of new ranges from Carrol's personal archive, the experienced design team continue to create world-class functional art in keeping with the legacy of the brand and evolving into other art forms – bringing abstract, contemporary and nature-inspired collections into the fold.

The strict focus on compliance and quality means that suppliers are kept to the high standards that are expected from the brand and their customers.

## *Introducing Our New Designer, Carolyn Boyes*

Carolyn, known as Caro, is the niece of renowned South African artist, Carrol Boyes and the daughter of Charles Boyes, the CEO of Carrol Boyes Functional Art. Her deep-rooted passion for creativity has led her to continue her family's legacy, and is being nurtured in her role as designer at Carrol Boyes, bringing to life her ardent perceptions.

Born in the South African province of Limpopo, Caro's childhood was spent on her family's citrus farm, a place steeped in natural beauty, family history, and the birthplace of the Carrol Boyes factory. The perfect place to nurture and inspire her burgeoning creativity, Caro began drawing at a very young age. Her family and friends recall her ever-present sketchpad as her treasured companion.

Caro's artistic journey continued at St. Anne's Diocesan College, an all-girls high school in the Kwa-Zulu Natal Midlands. Here, her passion for art was encouraged and her natural aptitudes flourished. She attended Stellenbosch University and earned an Honours degree in Fine Art. After this, Caro attained a Director's Commendation for her Master's in Luxury Business from Sotheby's Institute of Art in London.

Her twin passions of art and business led her to join the family brand. Her new handbag designs are inspired by her love of the intricate beauty of the human form and botanical subjects. With each piece she curates, Caro aims to celebrate the harmonious relationship between art and life.

# FAQ's

## PRODUCT CARE AND USE

For more than 30 years, Carrol Boyes has produced high-quality designs backed by expert manufacturing processes. We want our customers to enjoy their pieces of functional art for many years to come, which is why we have compiled a product care guide to help you take the best possible care of your products.

### Pewter

Carrol Boyes uses a special pewter alloy that contains antimony, copper and tin as opposed to traditional pewter alloys containing lead. Pewter is an attractive alloy as it is shiny and bright and looks like silver. Our cast and hand-finished pewter products have a soft and warm aesthetic. As pewter has increased substantially in value over the last few years, pewter has become a popular collector preference as it is a premium product.

#### General Care

Handwash in warm soapy water, rinse thoroughly and dry with a soft and clean cloth. Avoid harsh chemicals, detergents and scouring. Do not place in dishwasher. Clean with pewter cream and a polishing cloth. Professional mechanical polishing service available at Carrol Boyes.

### Aluminium

Carrol Boyes makes use of different methods of aluminium, namely cast, spun, nickel-plated and chrome-plated aluminium. The properties of aluminium are appealing as it is strong but light and can be polished to a high shine with a cool silvery colour.

#### General Care

Handwash in warm soapy water, rinse thoroughly and dry with a soft and clean cloth. Avoid harsh chemicals, detergents and scouring. Do not place in dishwasher. Clean with aluminium paste and a polishing cloth. Professional mechanical polishing service available at Carrol Boyes.

### Stainless Steel

Carrol Boyes uses a high-chromium 18/8 alloy for our cutlery which means it is 18% chromium and 8% nickel. This alloy is of high quality and is dishwasher safe making this product highly sought after for its easy care, use and corrosion-resistant properties.

#### General Care

Handwash in warm soapy water, rinse thoroughly and dry with a soft and clean cloth. Avoid harsh chemicals, detergents and scouring. Dishwasher safe. Professional mechanical polishing service available at Carrol Boyes.

### Textiles

Our range of softs are created from hand-picked premium suppliers in order to provide the quality and comfort you have come to expect from us. Each textile comes with its own care label which should be followed to get the best out of the products you enjoy at home.

#### General Care

As we use different textiles, they are treated differently in terms of washing, drying and general care. Please follow the care instructions provided on the care label of each item.

### Porcelain / Fine Bone China / New Bone China

Porcelain is a ceramic used to create beautiful tableware as it is not only strong but has a white hue which can be finished in different ways. Porcelain that contains bone ash is known as Fine Bone China. White ceramics vary slightly in the warmth of the hue. New Bone China contains calcium oxide instead of bone which makes it vegan friendly.

#### General Care

Wash in warm soapy water and dry with a soft cloth. Avoid harsh chemicals, detergents and scouring. Dishwasher & microwave safe. Avoid sudden changes in temperature.

### Mouth-Blown Glass

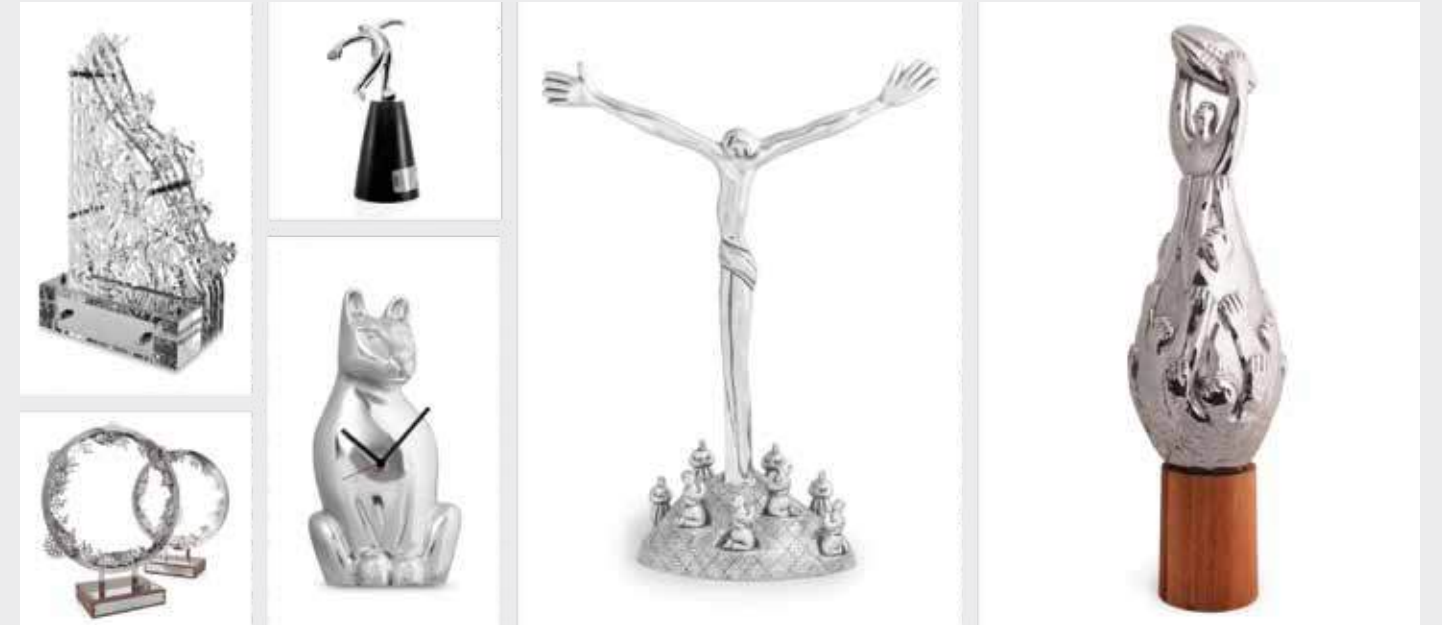

Mouth-blown glass is also known as hand-blown glass is created by highly skilled artisans. Even when moulds are used for multiple items or sets, each individual piece will still differ slightly as they are handmade.

#### General Care

Wash in warm soapy water, rinse thoroughly and dry with a soft cloth. Avoid sudden changes in temperature. Check care instructions to see if products are dishwasher safe.

# Bespoke Partnerships

The design legacy of Carrol Boyes remains strong after 30 years of providing stylish and unique pieces to customers across the world, a testament to the flawless quality and uniqueness of our designer products. In addition to being recognised as an iconic South African homeware designer, Carrol's vision was to be South Africa's preferred bespoke trophy and award designer.

## BESPOKE TROPHIES AND AWARDS

Having designed some of the most prestigious sports trophies and awards, including the British Lions Rugby Tour, Cape Town Cycle Tour, Sanlam Cape Town Marathon and the Old Mutual Wealth Double Century, Carrol Boyes has subsequently become the industry's leading design house in bespoke trophies and awards.

## OUR PERSONALISED DESIGN SERVICE

We offer a bespoke trophy design and branding service with a dedicated product design team who specialise in transforming a client's brief into exciting and unique bespoke pieces. Email our sales team on [salesdepartment@cbfa.co.za](mailto:salesdepartment@cbfa.co.za) for more information.

- Brief, approval of budget and timelines**  
Our team is here to help you at every step of the way to ensure we are on brief and on brand.
- Concept phase and design prototypes**  
We always strive to push boundaries with each trophy and award design. Having created many of the iconic trophies presented at major South African sporting events, the team will take your bespoke design to new levels.
- Design approval**  
We put our heart and soul into each design, giving you an accurate idea of what the craft behind your bespoke trophy or award will look like.
- Production and delivery**  
The production stage is dependent on the complexity of the design. However, in order to provide you with the highest level of customer service and quality end products, it is a collaborative process throughout every stage.
